

ERS

Preliminary agenda
and call for abstracts

FIBROSING INTERSTITIAL LUNG DISEASES OF IDIOPATHIC AND EXOGENOUS ORIGIN. PHENOTYPE APPROACH.

Conference and Postgradual Course

PRAGUE
CZECH REPUBLIC
JUNE 19TH – 21ST 2014

hosted by
**CZECH PNEUMOLOGICAL
AND PHTHISEOLOGICAL SOCIETY**

chaired by
**PROF. VENERINO POLETTI AND
ASSOC PROF. MARTINA VAŠÁKOVÁ**

THE CONFERENCE IS HELD UNDER THE AUSPICES OF:
WORLD ASSOCIATION OF SARCOIDOSIS AND OTHER GRANULOMATOUS DISORDERS
ITALIAN ASSOCIATION OF HOSPITAL PNEUMOLOGY (AIPO)

THE CONFERENCE HAS ENDORSEMENT OF EUROPEAN RESPIRATORY SOCIETY

INFORMATION

Organising committee:

Assoc. Prof. Martina Vasakova, MD, PhD, Prague, Czech Republic
Prof. Venerino Poletti, MD, FCCP, Forli, Italy
Assist. Prof. Martina Sterclova, MD, PhD, Prague, Czech Republic

Registration:

Opened from 1 Dec 2013,

Registration fee: 100 EUR (early bird- up to 31 Mar 2014),
150 EUR (after 31 Mar 2014)

Payment: Bank transfer, Card

Accommodation:

Olympik Hotel: www.olympik.cz/en/olympik

Tristar Hotel: www.olympik.cz/en/tristar

Social events:

Thursday 19 Jun: Dinner at restaurant Vikarka

Friday 20 Jun: Sightseeing tour around Prague

Call for abstracts:

All participants are encouraged to send an abstract addressing different aspects of fibrosing interstitial lung diseases. The abstracts will be accepted for poster presentation. Posters will be displayed during the whole conference and discussed by faculty members on Friday. There will be award for the best three posters announced on the last day of the conference.

The abstracts are to be submitted electronically:

www.ildprague2014.com

Deadline for abstract submission: 31 Mar 2014

Structure of abstract: maximal extent: 300 words,
recommended structure: Aims, Methods, Results, Conclusions

THURSDAY
19 JUNE 2014

PRELIMINARY PROGRAMME

- 7:30 – 8:15 **Registration**
8:15 **Opening ceremony. Address of Organizers, Presidents of CPFS, AIPO and WASOG**
Session I – Epidemiology and Classification of Interstitial lung diseases
Chairs: Wells A., Camus P., Costabel U.
- 8:30 – 8:55 **Epidemiology and Classification of Idiopathic interstitial pneumonias.**
Wells A. (20 min + 5 min Discussion)
- 8:55 – 9:20 **Epidemiology and Classification of Hypersensitivity Pneumonitis.**
Costabel U. (20 min + 5 min Discussion)
- 9:20 – 9:45 **Epidemiology and Classification of Pneumoconioses.**
Cordeiro CR. (20 min + 5 min Discussion)
- 9:45 – 10:10 **Epidemiology and Classification of smoking related interstitial lung diseases.**
Šterclová M. (20 min + 5 min Discussion)
- 10:10 – 10:35 **Epidemiology and Classification of drug-related interstitial lung diseases.**
Camus P. (20 min + 5 min Discussion)
-
- 10:35 – 11:00 **Coffee Break**
-
- Session II – Pathogenesis of Interstitial lung diseases**
Chairs: Crestani B., Dottorini M., Nemery B.
- 11:00 – 11:25 **Pathogenesis of idiopathic pulmonary fibrosis.**
Chilosi M. (20 min + 5min Discussion)

- 11:25 – 11:50 **Pathogenesis of nonspecific idiopathic interstitial pneumonias.**
Crestani B. (20 min + 5 min Discussion)
- 11:50 – 12:15 **Potential role of exogenous particles, gasses and fumes in pathogenesis of „idiopathic“ interstitial lung diseases. Does air pollution contribute to epidemiology of idiopathic ILDs?**
Nemery B. (20 min + 5 min Discussion)
- 12:15 – 12:40 **Pathogenesis of hypersensitivity pneumonitis.**
Antoniou K. (20 min + 5 min Discussion)
- 12:40 – 13:05 **Pathogenesis of Pneumoconioses.**
Cordeiro CR. (20 min + 5 min Discussion)
- 13:05 – 13:30 **Pathogenesis of drug- related interstitial lung diseases.**
Camus P. (20 min + 5 min Discussion)
-
- 13:30 – 14:30 **Lunch**
-
- Session III – Practical/workshops – different HRCT patterns in ILDs- in which ILDs can we find them and how can we identify them?**
Chairs: Heussel CP., Sverzellati N.
- 14:30 – 14:50 **UIP pattern.**
Sverzellati N.
- 14:50 – 15:10 **NSIP pattern.**
Heussel CP.
- 15:10 – 15:30 **AIP and OP pattern.**
Sverzellati N.
- 15:30 – 15:50 **Radiological image of LIP and other rare ILDs.**
Heussel CP.

- 15:50 – 16:20 **Radiological case reports. Interactive session with voting of audience.**
Sverzellati N., Heussel CP.
-
- 16:20 – 16:45 **Coffee Break**
-
- Session IV – Practical/workshops – different histopathological patterns in ILDs- does one pattern mean one clinical diagnosis?**
Chairs: Colby T., Matěj R.
- 16:45 – 17:05 **What does lung fibrosis mean from the pathologist's point of view? Which patterns of fibrotic changes can we find in different ILDs?**
Colby T.
- 17:05 – 17:25 **What kind of inflammatory changes can we find in different ILDs? Are they disease specific?**
Matěj R.
- 17:25 – 17:45 **Alveolar damage and its outcomes from the pathologist's point of view.**
Colby T.
- 17:45 – 18:30 **Histopathologic case reports. Interactive session with voting of audience.**
Colby T., Matěj R.

FRIDAY
20 JUNE 2014

- 8:30 – 9:00 **Honorary Lecture: Sarcoidosis as potentially fibrosing ILD.**
Baughmann R. 25 min + 5 min Discussion
- Session V – Idiopathic interstitial pneumonias**
Chairs: Wells A., Poletti V., Vašáková M.
- 9:00 – 9:30 **Idiopathic pulmonary fibrosis. Diagnosis, differential diagnosis and treatment.**
Wells A. (25 min + 5 min Discussion)
- 9:30 – 10:00 **Nonspecific interstitial pneumonia. Diagnosis, differential diagnosis and treatment.**
Vašáková M. (25 min + 5 min Discussion)
- 10:00 – 10:30 **Acute interstitial pneumonia, cryptogenic organizing pneumonia. Diagnosis, differential diagnosis and treatment.**
Costabel U. (25 min + 5 min Discussion)
- 10:30 – 10:50 **Lymphoid primary lung disorders. Diagnosis, differential diagnosis and treatment.**
Poletti V. (15 min + 5 min Discussion)
-
- 10:50 – 11:15 **Coffee Break**
-
- Session VI – Exogenous ILDs I**
Chairs: Nemery B., Antoniou K., Šterclová M.
- 11:15 – 11:50 **Hypersensitivity pneumonitis. Causes, clinical course, diagnosis and differential diagnosis, treatment.**
Antoniou K. (30 min + 5 min Discussion)
- 11:50 – 12:25 **Smoking related ILDs. Clinical course, diagnosis and differential diagnosis, treatment.**
Šterclová M. (30 min + 5 min Discussion)

12:25 – 13:00 **Rare exogenous ILDs. (ILDs caused by metals, organic dusts toxic syndrome, et al).**
Nemery B. (30 min + 5 min Discussion).

13:00 – 14:00 **Lunch**

14:00 – 15:00 **Poster Session and Discussion**

Chairs: Faculty

Session VII – Practical/workshops – Role of bronchoscopy in diagnosis of ILDs

Chairs: Vašáková M., Poletti V.

15:00 – 15:30 **Bronchoscopic techniques, specimen obtaining, preservation, possibilities of investigation.**

Vašáková M. (25 min + 5 min Discussion)

15:30 – 16:00 **Bronchoalveolar lavage- its role in ILDs.**

Poletti V. (25 min + 5 min Discussion)

16:00 – 16:30 **Coffee Break**

Session VIII – Exogenous ILDs II + Pulmonary manifestations of Connective tissue diseases (CTDs)

Chairs: Camus P., Cordeiro CR., Antoniou K.

16:30 – 17:05 **Pneumoconioses. Diagnosis, differential diagnosis and treatment.**

Cordeiro CR. (30 min + 5 min Discussion)

17:05 – 17:40 **Drug related ILDs. Diagnosis, differential diagnosis and treatment.**

Camus P. (30 min + 5 min Discussion)

17:40 – 18:15 **Pulmonary manifestations of CTDs. Diagnosis, differential diagnosis and treatment.**

Antoniou K. (30 min + 5 min Discussion)

SATURDAY
21 JUNE 2014

Session IX – Molecular mechanisms of fibroproliferative ILDs for further research and as potential therapeutic targets.

Chairs: Koenigshoff M., Crestani B., Richeldi L.

8:30 – 9:00 **Genetic background of fibrosing ILDs. Susceptibility genes and polymorphisms. Regulators of gene expression.**

Petřek M. (25 min + 5 min Discussion)

9:00 – 9:30 **Fibroproliferative healing. Pathways. Cytokines.**

Koenigshoff M. (25 min + 5 min Discussion)

9:30 – 10:00 **Differences in fibroproliferative healing in exogeneous and idiopathic ILDs. Are there any?**

Richeldi L. (25 min + 5 min Discussion)

10:00 – 10:30 **Biomarkers in ILDs. Are they useful?**

Crestani B. (25 min + 5 min Discussion)

10:30 – 11:00 **Coffee Break**

Session X – Treatment of fibrotic and inflammatory ILDs. Novel approaches. Results of clinical studies.

Chairs: Costabel U., Koenigshoff M., Richeldi L.

11:00 – 11:30 **Potential molecular targets for treatment modalities.**

Koenigshoff M. (25 min + 5 min Discussion)

11:30 – 12:00 **Pirfenidone, its role in IPF treatment.**

Costabel U. (25 min + 5 min Discussion)

12:00 – 12:30 **Novel drugs.**

Richeldi L. (25 min + 5 min Discussion)

12:30 – 12:40 **Closing remarks. End of the course.**

12:40 – 13:40 **Lunch**
